

2023 MENS CAPTAIN REPORT

Well another year has gone by again in the blink of an eye.

This has probably been one of the most challenging years that the club has faced in a long time but we are starting to see some rewards both on and off the golf course.

I will be stepping down from my role as captain and all the roles that comes with it after this year, but I will always be available for any advice that the new captain and the match committee may need. It has been an honour and a privilege to be the captain of this great club for the second time.

I would like to give a big shout out to our lady captain Sue Slattery for all your time and hard work. It has been great working with Sue over the last two years.

I would like to thank all the people I have been on committee with over the last 17 or 18 years, but I would especially like to thank our current committee for everything that they have done this year. It's been a tough year to say the least but things are looking bright for this great club.

Thank you to all those members who made themselves available for Sunday & Monday pennant this year. We had 3 out of our 4 Sunday teams make the final but unfortunately were all out played on the day. I would especially like to thank those who made themselves available to play Div1. So close to another Div1 flag but hopefully next year we can go one step further.

Our competition numbers on Saturdays have been really solid all year, and now with the warmer weather arriving they are only going to get better.

Good luck to the new captains both male and female, and also to the new general committee, lets all get behind them and continue to make this place the best club/course in the district.

MARK SMITH
